PROCEEDINGS: Hearing on Supervised Release

Court was in session to address the defendant's status re terms of supervised release. The dft advises that he has sought mental health treatment and has completed an assessment. The dft has deleted all of his social media accounts. The USPO indicates that any further violations may result in a modification to his conditions of release. The Court is made aware that the dft has full time employment. The Court agrees to allow dft to remain on release in order to participate in a mental health treatment program.
